

Year 5

Year 5 have had a wonderful half term! We have worked hard, had fun and experienced lots of brilliant activities. We particularly enjoyed our Science topic (properties and changes of materials) where we carried out a range of interesting investigations. To start with, we investigated who 'stole' Mrs Jones' laptop. We did this by carrying out chromatography tests on the suspect's pens, checking fingerprints against a database and causing chemical reactions to see whose shoe sample placed them at the scene of the crime. It is safe to say we did a fantastic job of identifying the culprit and had lots of fun doing it.

Year 6

Year 6 have had another fantastic term, enjoying a range of activities organised as part of the In2 Project. The children were taught some wacky circus skills, such as spinning a toothbrush on their fingers, plate spinning and juggling! The teachers were very impressed with how quickly some of the children picked up these skills and the resilience of others to keep trying. As a one off session, the children learned how to make their own Christmas crackers. This festive craft included writing their own jokes, making paper crowns and designing badges to go inside their crackers. The final workshop of the term involved all the children showing off their acting skills in the role of a fairy tale character. This led on nicely to a special visit to watch the pantomime held at the Hippodrome *The Pantomime Adventures of Peter Pan*. A fabulous time was had by all – *oh yes it was!*
